Subject:	Re: office locations late '76

In the Intelligence, before and during Entebbe my office was on the third floor of the GHQ office building.
1st floor was Head of operations/Deputy CoS. (same person), Kuti at the time.

2nd floor was CoS(Ramatkal,Motta by then)

3rd floor was Head of Intelligence (Shlomo Gazit) where my office was as well.

Kohler's office and most of Operations Branch Office/Command Post were in the underground bunker (the BOR from which we use to control operations through wartime) two or three floors buried under the street level. There I went when I'm replaced Kohler.
Of course I knew the place intimately for almost 13yrs by then due to my former jobs since being young officer in the Unit. And I've seen there many incumbents of this office since Raful in 62, Motta in 65, or. Manu Shaked in 72.
(Raful exactly in my office(the Lt. Col. office) while Motta and Manu twenty meters along the same corridor (the Full Col. Office).
When Motta(as Ramatkal)called me in late 76,over the Intercom I was one floor over his head, fifteen meters apart. He said: "Ehud, I don't know whether it's bad or good news for you but I need you to move down immediately to the Bor and replace Kohler".
He added then few words about Kohler asking to leave and he accepted it.
I answered:"ok. I'll do". And that's it.
This removed me to 100 meters apart and 3-(-2)=5 floors down.
The whole place in the Kiria is very compact the Bunker extremely Spartan. Low ceilings. Simple offices. Too many cables along the walls and too little fresh oxygen.
Even the outside (GHQ/Min.) building was very modest in shape style and size. It included major parts of the GHQ as well as of the Ministry at the same medium size rectangular, boring architecture office building. From Ramatkal office (Rabin,Barlev,Dado, Motta,etc.) to the Minister(Dayan,Peres,Rabin,Arens etc.) office (both on the second floor) you have to go just fifty meters along a slightly wider corridor blocked at exactly the middle (after 25 meters) by a heavier door which separated the Ministry from the GHQ.

I would like to know if chapter 1 (version 2) from march 2nd is the last version and chapter 2 from march 15 is also the last one?
